No-Cost Protections

The Baby Watch Early Intervention Program (BWEIP) is required by the Individuals with Disabilities Education Act (IDEA) to inform parents of the following procedural safeguards and no-cost protections regarding payment for early intervention services.

Medicaid and CHIP

NOTICE TO FAMILY: Medicaid or CHIP will be billed for your child's early intervention services if they are covered by either program.

- BWEIP must provide parents with written notice prior to billing public insurance (Medicaid/CHIP) for their child's early intervention services.
- Parents cannot be required to enroll in a public insurance or benefits program (Medicaid/CHIP) if they are not already enrolled in such a program to receive early intervention services from the BWEIP.
- Early intervention services, as specified in the child's Individualized Family Service Plan (IFSP) and to which the parent has consented, cannot be denied due to a parent's refusal to allow their public insurance to be billed for such services.
- BWEIP does not require a parent to pay any costs as a result of the BWEIP using a child's or parent's public insurance or public benefits to pay for early intervention services.
- BWEIP, Medicaid, and CHIP are programs within the Utah Department of Health, therefore parental consent is not required prior to a child's personally identifiable information (name, date of birth, policy number, and address) being submitted for billing purposes.
- Parents have the right to withdraw their consent to disclose their child's personally identifiable information at any time without affecting the BWEIP services their child is receiving as specified in their child's IFSP.
- Parents must be informed that billing their public insurance in Utah (Medicaid/CHIP) will not result in a decrease
 in lifetime benefits, result in the child's parents paying for services that would otherwise be covered, result in an
 increase in premiums or discontinuation of public benefits or insurance, or will risk loss of eligibility for home and
 community-based waivers based on aggregated health-related expenditures for the child or the child's parents.
- BWEIP must obtain written consent from parents if billing their public insurance would result in a decrease in lifetime benefits, result in the child's parents paying for services that would otherwise be covered, result in an increase in premiums or discontinuation of public benefits or insurance, or will risk loss of eligibility for home and community-based waivers based on aggregated health-related expenditures for the child or the child's parents.

Family Fees

The BWEIP will not charge a fee for services that a child is entitled to receive at no cost under IDEA: child find, evaluation and assessment, service coordination, development and review of IFSP, provisions of procedural safeguards, and services provided by the Utah Schools for the Deaf and the Blind. Parent's Rights guarantee that:

- All early intervention services on the IFSP will be provided at no cost without delay if the family meets the state's definition of inability to pay.
- Families will receive an annual review of their family fee or may request a review at any time.
- Families have the right to appeal the amount of their family fee through their program's conflict resolution procedure.
- Families are entitled to receive uninterrupted services during the appeal process.

PLEASE NOTE:

- A service will be considered rendered and the family will be subject to a fee for a no show or untimely cancellation.
- Please cancel prior to 9am on the day of the scheduled service.
- Fee-eligible services may be suspended if unpaid charges exceed 90 days past due.
